WASHINGTON, DC

Issued by the Department of Transportation on October 17, 2001

NOTICE OF ACTION TAKEN -- DOCKETS OST-99-6391

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Application of United Parcel Service Co. filed 09/26/2001 to:

XX Renew for two years exemption pursuant to 49 U.S.C. §40109 to provide the following service:

Scheduled foreign air transportation of property and mail between any point or points in the United States via intermediate points to a point or points in Argentina and Uruguay, and to points beyond with full traffic rights between all points on these routes. UPS also requests the authority to integrate its exemption here with services provided on other routes under the various certificate and exemption authorities held by UPS.

Applicant rep: David L. Vaughan (202) 955-9864 DOT Analyst: Michael D. Bodman (202) 366-9667

DISPOSITION

XX Granted, subject to conditions (see below).

The above action was effective when taken: October 17, 2001, through October 17, 2003.

**Action taken by: Paul L. Gretch, Director
Office of International Aviation**

XX The authority granted is consistent with the aviation agreements between the United States and Argentina and the United States and Uruguay.

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated:

XX Holder's certificates of public convenience and necessity

XX Standard Exemption Conditions (attached)

Conditions: The authority granted to serve intermediate and beyond points is limited to countries with which the United States has signed open-skies agreements and/or countries for which the carrier holds authority to serve under certificates or exemptions issued by the Department, and for which it holds route integration authority, by virtue of either the present action or other action of the Department, and is subject to all conditions attached to that authority.

The route integration authority granted is subject to the condition that any service provided under this exemption shall be consistent with the applicable bilateral aviation agreements between the United States and the foreign countries involved. Furthermore, (a) nothing in the award of the route integration authority requested should be construed as conferring upon UPS additional rights (including fifth-freedom intermediate and/or beyond rights) to serve markets where U.S. carrier entry is limited unless UPS first notifies the Department of its intent to serve such a market and unless and until the Department has completed any necessary carrier selection procedures to determine which carrier(s) should be authorized to exercise such rights; and (b) should there be a request by any carrier to use the limited-entry route rights that are included in UPS's authority by virtue of the route integration authority granted here, but not being used, the

holding of such authority by route integration will not be considered as providing any preference for UPS in a competitive carrier selection proceeding to determine which carrier(s) should be entitled to use the authority at issue.

On the basis of data officially noticeable under Rule 24(g) of the Department's regulations, we found the applicant qualified to provide the services authorized.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the exemption was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR § 385.30, may file their petitions within ten (10) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
